As mentioned earlier, to form a compound word, two small words are mounted. However,

it is necessary to know that not all small words can be united to form words composed for children. The compound word must be a word that makes sense and has real meaning. For example, small words and cats cannot be joined because "Dogcat" is not a valid word. Which of these words is a compound word? Is that a word of glamorous composi? The word glamorous is a rather long word and has three syllables. However, it cannot be divided into two separate words. So it's not a compound word. Is giraffe a compound word? The word giraffe has two syllables, but cannot be divided into two separate words. Therefore, Giraffe is not a compound word either. Cupcake is a compound word? Yes, it is. The word cupcake can be divided into two separate words. Cup + cake = cupcake. So cupcake is a compound word. Types of compost words For children There are three types of compost words, are closed compost words, open compost words and hyphenated compost words: closed compost words for children: these are the words formed when two different words combine to form a single new word. For example, snow + ball = snowball, basket + ball = basketball, moon + light = moonlight etc.PpeNl Words composed for children: An open compost word is created when a modifying adjective is added to a noun to create a new word, which is also a noun. For example, ice cream + cream = ice cream, post + office = post office, store + room = Storerroom etc. Composite words -hyphenated for children: These are words that are united by an intermediate hyphen. For example, sister-in-law,long-term, well-known etc. Also, see the words of hard spelling. Simple words for children, for example, àc'Sun 'e' Flower ' are two different words.
